

Are you interested in 'green' issues, reducing fuel poverty and making sure more people can enjoy affordable warmth?

### **WHY NOT VOLUNTEER TO BE A COMMUNITY WARMTH CHAMPION?**

We are looking for a volunteer to act as Community Warmth Champion, for the Bassingbourn area.

You won't be expected to be an expert on energy efficiency issues but rather have the enthusiasm and desire to help others by promoting simple energy saving messages to residents within the community. We'll provide you with detail of where householders might be able to obtain grants to improve their home's energy efficiency.

In total we envisage that you will spend about a day a month attending and speaking at community events and meetings, for example over 60's clubs, mums and toddlers clubs and the WI. It will be up to you to decide where best to get the message across and to engage with members of the community who might be particularly affected by the rising cost of home heating. You will not be expected to visit householders within their homes.

If you would like to know more, please contact Lynda Bubb, Community Warmth Champion Co-ordinator at Cambridgeshire ACRE, telephone 01353 865037 or email [lynda.bubb@camsacre.org.uk](mailto:lynda.bubb@camsacre.org.uk)
