

# **Bassingbourn-cum-Kneesworth Parish Council**

## Lone Working Policy

### **1. Introduction**

Council recognises that it's employees are required to work by themselves for significant periods of time without close or direct supervision in the community, in isolated work areas and out of hours.

The purpose of this policy is to protect such staff so far as is reasonably practicable from the risks of lone working. The Council also recognises it has an obligation under the Health and Safety at Work Act 1974 and the Management of Health and Safety at Work Regulations 1999 for the health, safety and welfare at work of it's employees.

### **2. Scope**

The policy applies to all situations involving lone working arising in connexion with the duties and activities of the Council's employees.

### **3. Definition**

The Health and Safety Executive defines lone workers as "those who work by themselves without close or direct supervision". This covers all of the Council's employees: the Clerk and the RFO, all of whom are required to carry out their duties for all or part of their working day working in isolation.

### **4. Aims**

The aim of the policy is to:

- increase staff awareness of safety issues relating to lone working
- ensure that the risk of lone working is assessed in a systematic and ongoing way and safe systems and methods of work are put in place to reduce the risk so far as is reasonably practicable
- ensure that appropriate training is available to all staff in all areas that equips them to recognise risk and provides
- practical advice on safety when working alone
- ensure that appropriate support is available to staff who must work alone
- encourage full reporting and recording of all adverse incidents regarding lone working

### **5. Responsibilities**

#### 5.1 Clerk to the Council

The Clerk on behalf of the Parish Council is responsible for:

- ensuring that there are arrangements for identifying evaluating and managing risk assessed associated with lone working
- providing resources for putting the policy into practise
- ensuring there are arrangements for monitoring incidents linked to lone working and that the Council regularly reviews the effectiveness of this policy
- ensure that all staff are aware of the policy

- ensure that risk assessments are carried out and reviewed regularly putting procedures and safe systems of work into place which are designated to eliminate or reduce the risks associated with working alone
- ensuring that staff are given appropriate information instruction and training
- ensuring the appropriate support is given to staff involved in any incident managing the effectiveness of preventative measures through an effective system of reporting investigating and recording incidents

## 5.2 Employees

Employees are responsible for

- taking responsible care of themselves and others affected by their actions
- cooperating by following rules and procedures designed for safe working
- reporting all incidents that may affect the health and safety of themselves or others and asking for guidance as appropriate
- taking part in training designed to meet the requirements of the policy
- reporting any dangers or potential giant dangers they identify or any concerns they might have in respect of working alone.

## 6. **Risk assessment**

Risk assessment is essential to good risk management.

Assessment will be carried out for and by all staff whose working practice makes them vulnerable. This includes staff that a site based but work in isolation as well as mobile staff whose work takes them out into the community.

Recommendations will be made to eliminate or reduce the risk to the lowest level reasonably practicable.

A lone workers' checklist will be completed (appendix one). This will be used as a tool to identify if the existing control measures are adequate and if not, what modifications to additional actions can be considered necessary to help reduce the risks associated with lone working.

Once the checklist has been completed a risk assessment will be carried out and documented in a risk assessment form.

Risk assessments for site based lone workers will include:

- safe access and exit
- risk of violence
- safety of equipment for individual use
- channels of communication in an emergency
- site security
- security arrangements i.e. alarm systems, and response to personal alarms
- reporting and recording arrangements
- communication and traceability and personal safety/security

Following completion of the risk assessment consideration will be given to any appropriate action that is required.

## **7 Incident reporting**

An incident is defined as “an unplanned or uncontrolled event or sequence of events that has potential to cause injury, ill health or damage”.

To maintain an appropriate record of incidents involving lone workers it is essential that all incidents be reported to the Clerk who will prioritise each incident and identify any immediate action. Staff should ensure that all incidents where they feel threatened or unsafe (even if this was not a tangible event/experience) are reported. This includes incidents of verbal abuse.

## **8 Contacting or involving the Police**

The Council is committed to protecting staff from violence and assault and will support criminal proceedings against those who carry out assault. All staff are encouraged to report violent incidents to the police and will be supported by the Council throughout the process. Except in cases of emergency, employees should inform the Clerk of any incident immediately. The Clerk will thereafter take responsibility for contacting the police to report the details of the incident.

## **9 Support for staff**

Employees working for the Council should know that their safety comes first. Staff should be aware of how to deal with situations where they feel they are at risk, or unsafe. Staff should also be able to recognise how their own actions could influence or even trigger an aggressive response. The Clerk will ensure that all lone workers training needs are assessed and that they receive appropriate training.

## **10 Immediate Support following Violent Incident**

In the event of a violent incident involving a lone worker the Clerk will immediately ensure that the employee receives any necessary medical treatment and/or advice. If an incident occurs out of hours the Council Chair should be contacted.

The Clerk will also consider whether the employee need specific information or assistance regarding to legal or insurance aspects. The Clerk will also ensure appropriate written and verbal reporting of any violent incident.

## **11 Lone working for the Clerk**

Where the items above relate directly to the Clerk as a staff member, the appropriate controls will be exercised by Bassingbourn-cum-Kneesworth Parish Council and in an emergency by the Chair of Bassingbourn-cum-Kneesworth Parish Council.

**Lone working checklist**

Checklist completed by: .....

Date completed and location .....

**Main issues of concern**

- do staff work alone ?
- do staff work outside of normal office hours?
- do staff meet with members of the public in an isolated location ?
- Is there enough security provision?
- Is there safe access to the building?
- do staff activities involve working in confined spaces ?
- do staff activities involve handling dangerous substances?
- do staff carry out work in high risk locations by areas with high crime rates ?
- do staff work carry out work in isolated areas?

**Control measures for consideration**

- Do you provide joint working for high risk activities ie in confined spaces and with dangerous substances?
- do you carry out regular supervisor or colleague checks during activities?
- do you use entrance security systems i.e. locks or swipe cards?
- is there security lighting around access points and parking areas?
- have you installed panic buttons linked to manned locations?
- do staff have information and training on basic personal safety all staff trained in strategies for preventing and managing violence?
- do staff have access to forms for reporting incidents or near misses and appreciate the need for this procedure?
- do you provide accompanied visits when there are concerns about safety?
- do you share risk assessment with other agencies?
- are there systems for monitoring staff whereabouts and movements for regularly reporting to base?
- have you issued mobile phones?
- have you issued personal attack alarms ?
- do staff carry forms for reporting incidents or near misses and appreciate the need for this procedure ?

**Are the existing control measures adequate?    yes or no**

- if no what modifications or additional actions are necessary
